

2024

PARCEL CARRIER

RATE INCREASES *What to expect*

While the commonly cited number is 5.9%, that is really just an average. Increases are largely based on a few key shipping characteristics including:

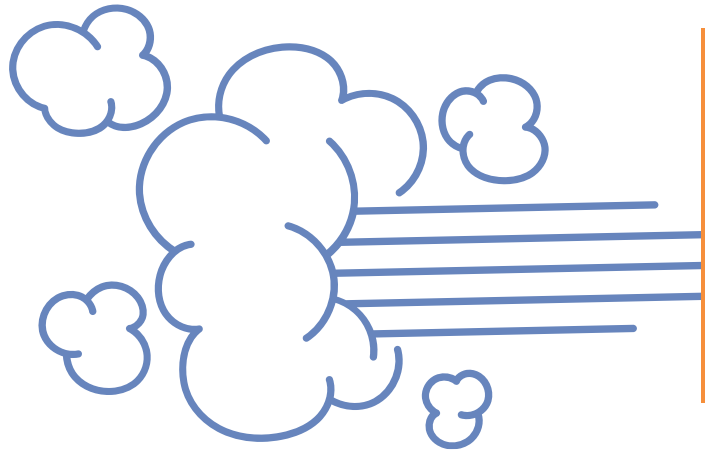

1 DISTANCE

For FedEx Ground & Air deliveries in zones 2-4 will incur a 5.91% increase. In zones 5-8, that jumps to 6.39%. The UPS numbers are similar.

2 PACKAGE WEIGHT

Progressively larger rate increases as shipping weights increase.

- o 1-5 lbs - +5.5% for both FedEx and UPS commercial ground services
- o >11 lbs - +6% at minimum

3 SPEED

Above the average of 5.9% for faster, more premium services

UPS Service	Increase to Minimum Charge	FedEx Service	Increase to Minimum Charge
Next Day Air	7.91%	Priority Overnight	7.88%
Next Day Air Saver	7.51%	Standard Overnight	7.5%
2Day	5.48%	2Day	5.49%
3 Day Select	5.52%	Express Saver	4.47%
Ground	5.94%	Ground / HD	5.94%

4 DELIVERY AREA SURCHARGE

Both UPS and FedEx making changes to DAS zip-code list. Currently, about 30% of US population live in a DAS-applicable zip code.

UPS reportedly adding 143 zips while removing 155. The 143 additions have a combined population of nearly 3m, while the removals account for just 15,000.
